Mountz Exhibiting at the MD&M West Show

Displaying the Latest Torque Testing & Assembly Technology

San Jose, Calif., – Mountz, Inc., a specialist in the design and manufacturing of torque control products, will be exhibiting at the MD&M West 2017 event. The exhibition is at the Anaheim Convention Center in Anaheim, CA and takes place February 7th through the 9th. Mountz will be displaying its latest [assembly automation tools](#) and [torque measuring equipment](#).

Discover [new assembly solutions](#) developed for engineers in order to deal with the most demanding fastening applications. Since 1965, Mountz Inc. has proven its in-depth knowledge of torque and fastening solutions. [Mountz](#) will showcase many new products and solutions at the MD&M West event.

- Automations & Robotics
- Torque Measurement & Calibration Equipment
- Position Control Torque Arms
- Next Generation Preset Torque Screwdrivers
- Award Winning Click wrenches

Using a quality [torque tool](#) makes a safer world through accuracy and precision. Controlling torque is essential for companies to ensure their product's quality, safety and reliability isn't compromised. The failure of a three-cent fastener that isn't properly tightened can lead to catastrophic or latent failures. Fasteners that are insufficiently fastened can vibrate loose and excessive torque can strip threaded fasteners.

For 32 years, MD&M West (Medical Design & Manufacturing) has helped take medical devices from concept to market by uniting cutting-edge technology with the industry's foremost minds.

(more)

This is the one-stop event to experience a resource-rich expo floor with live demonstrations and working machinery of the latest assembly technology, equipment and products. For more information, visit <http://mdmwest.mddionline.com/>.

About Mountz, Inc.

San Jose, California based [Mountz Inc.](#) produces a wide variety of [torque tools](#), including [torque analyzers](#), [torque testers](#), [torque sensors](#), [torque wrenches](#), [electric screwdrivers](#), [pneumatic screwdrivers](#), [torque screwdrivers](#), [torque multipliers](#), [assembly tools](#), [pulse tools](#), [screw counters](#), [tool balancers](#) and special torque applications. Mountz has multiple [global locations](#) and hires and trains competent employees who are owners in our business.

Since 1965, Mountz Inc. has proven its in-depth knowledge of torque and torque solutions by consistently developing, producing, marketing and servicing highly sophisticated, cutting-edge tools. Mountz Inc., known to industry as the nation's premier torque tool supplier, is an ISO 9001 registered and ISO 17025 accredited company. Mountz tools comply with ISO6789:2003 and are constructed from high quality materials, engineered for superior reliability and safety and backed by an industry leading warranty. Look for the Mountz hexagon logo – it's a stamp for quality tools, service and knowledge in the field of torque control.
